Event Report

Name of the Programme : Traditional Food awareness Campaign
(MILLETS 2023)

Date of the Event : 22-09-2023

Place of the Event : GHSS Kolathupalayam

No of the Students Participated : 50

Description:

In 2023, there has been a significant resurgence in traditional food awareness, with a particular focus on millets. Millets, once a staple in many cultures, are gaining popularity due to their nutritional benefits, sustainability, and resilience to climate change. This trend is driven by a growing awareness of the need for healthier and more environmentally friendly food choices, as well as efforts to preserve and celebrate indigenous food traditions.

Millets are advantageous due to their high nutritional value, offering essential nutrients and dietary fiber, while also being resilient crops that require minimal water and are well-suited to sustainable agriculture, contributing to food security and environmental conservation. Faculties and Students of Jai Shriram Engineering College, Tirupur explained about Traditional Food awareness (MILLETS 2023) to kovil palayam GHSS students held on 22nd Sep 2023
