REPORT ON AWARENESS DRIVE ON AFFORESTATION

Eco Club of Jai shriram Engineering college has organized Awareness Drive on Afforestation as external activity on 09.09.2023 which aimed at promoting afforestation and addressing the pressing issue of plastic waste in our community. This event took place on 09.09.2023 at Alagumalai Villagae and involved enthusiastic volunteers, local stakeholders, and community members who collectively contributed to its success. The primary objective of our awareness drive was to increase public awareness about the significance of afforestation and the detrimental impact of plastic waste on our environment. one group of students planted the saplings in enhancing our local green cover, improving air quality, and contributing to overall environmental well-being, another group of dedicated volunteers engaged in a cleanup drive to collect plastic waste from public areas.

Outcome of the Event:

- Planted tree saplings in the village to make the people aware about the importance of plants growth.
- Cleaned nearby areas of tree sapling to create plastic awareness.
- To encourage villagers to participate actively in plastic collection drives to remove plastic waste from their surroundings.
- To share information about sustainable alternatives to single-use plastics and promote the use of reusable materials.

Students involved in planting tree sapling and collecting plastics
