**Sub: Requisition for Conducting Awareness Programme on Water Conservation – Regarding.**

On behalf of the Eco Club in collaboration with NSS, an awareness programme on Water Conservation has been planned to be conducted on 12.08.2023 at Primary School, Pullakipalayam, Tirupur. The programme is intended to create awareness among primary school students about the importance of water conservation, prevention of water wastage, and efficient utilization of water in their day-to-day activities.

Hence, we kindly request you to grant permission for our faculty members and students to conduct the above awareness programme at the school. We request your kind approval and support for successfully organizing the event.

Respected Sir/Madam,

Subject: Requisition for conducting Awareness programme on Water Conservation –  
Regarding.

On behalf of Eco club in Collaboration with NSS of Jai Shriram Engineering College has planned to conduct an Awareness programme on Water Conservation by educating the children regarding the methods of reducing water loss. Sowe request you to permit our faculty members and students in conducting the event.

Thank you

Avinashipalayam

## **ECO-CLUB IN COLLABORATION WITH NSS**

### **AWARENESS ON WATER CONSERVATION**

The Eco Club of Jai Shriram Engineering College, in collaboration with the National Service Scheme (NSS), organized an Awareness Programme on Water Conservation for primary school students. The programme was conducted with the objective of creating awareness about the importance of water and encouraging responsible water-use practices among young learners.

The students were educated on simple and practical methods of water conservation, such as avoiding unnecessary wastage, closing taps properly, using water efficiently during daily activities, reusing water wherever possible, and creating awareness among family members and the surrounding community. The programme encouraged the children to develop responsible habits and become young ambassadors for water conservation.

As an additional environmental initiative, plant saplings were distributed to the school students. The students were encouraged to plant and nurture the saplings within their school campus. This activity aimed to promote greenery, environmental responsibility, and the importance of maintaining a healthy and sustainable environment.

The programme provided an opportunity for college students to actively participate in community outreach and share their knowledge with school children. The interaction helped create awareness among the participants about the value of water and the need for collective efforts to protect natural resources.

### **OUTCOMES**

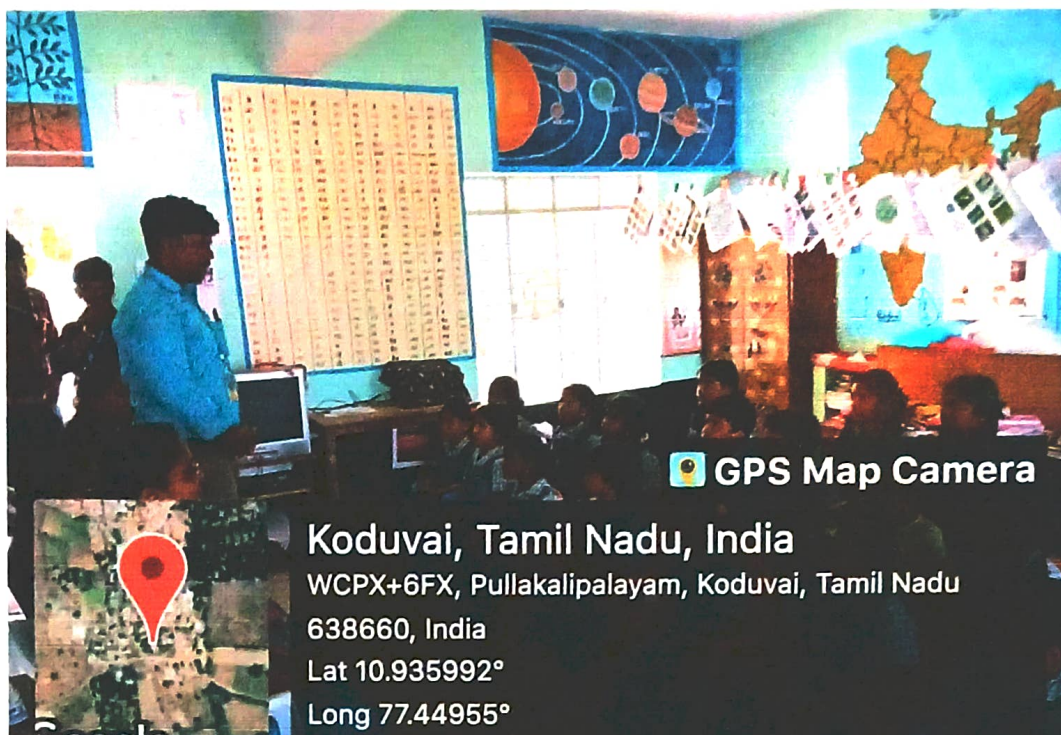

- Created awareness among school students about the importance of water conservation.
- Encouraged responsible and efficient use of water in daily life.
- Motivated students to avoid unnecessary water wastage.
- Encouraged participants to spread water conservation awareness in their homes and communities.
- Promoted environmental responsibility through sapling distribution and plantation.
- Strengthened community engagement through Eco Club and NSS activities.

**JAI SHRIRAM ENGINEERING COLLEGE, TIRUPPUR – 638 660**

Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai

Recognized by UGC & Accredited by NAAC and NBA (CSE and ECE)

#### **Conclusion:**

The Awareness Programme on Water Conservation successfully sensitized school students to the importance of conserving water and adopting sustainable practices. The initiative also promoted greenery through sapling distribution and encouraged the students to contribute towards a cleaner, greener, and water-secure future.
