Sub: Requisition for Conducting NSS Waste Segregation Awareness Programme – Regarding

I kindly request permission to conduct a **Waste Segregation Awareness Programme** in our college on 22.08.23 along with the faculty coordinators, and NSS student volunteers. The programme aims to create awareness among students about the importance of waste segregation, proper waste disposal, cleanliness, and sustainable waste management practices. The activity will help students understand the segregation of biodegradable, recyclable, and non-recyclable waste and encourage them to adopt responsible waste management practices in their daily lives.

Circular

This is to inform all the Department Coordinators, Faculty Members and Students that the **National Service Scheme (NSS)** is organizing a **Waste Segregation Awareness Programme** for the Academic Year 2023–2024.

The programme aims to create awareness among students about the importance of waste segregation at source, proper waste disposal, cleanliness, and sustainable waste management practices. The programme will also encourage students to distinguish between biodegradable, recyclable, and non-recyclable waste and adopt responsible waste management habits.

In this regard, all the Department Coordinators are requested to participate in the programme along with their students and extend their cooperation for the successful conduct of the event.

Report on “Segregation awareness” Program

Description:

The programme commenced with a warm welcome to the gathering, followed by an introductory session on the importance of **waste segregation and responsible waste management**. The NSS Programme Officer and faculty members addressed the students and highlighted the need for segregating waste at the source to maintain a clean, hygienic and sustainable environment. They explained the proper segregation of **biodegradable, recyclable and non-recyclable waste** and emphasized the role of students in adopting responsible waste disposal practices.

Following the awareness session, an **NSS Waste Segregation Awareness Activity** was conducted across various locations on the college campus. NSS volunteers and students actively participated in identifying and segregating different types of waste into appropriate categories.

The programme created awareness about **cleanliness, sustainable waste management, environmental responsibility, and the importance of segregation at source** among students. It also encouraged the NSS volunteers to become responsible ambassadors of environmental awareness and promote proper waste management practices within the institution and the community.

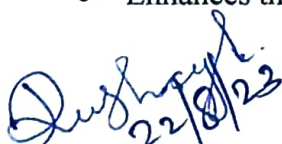

Program outcome:

Students:

- Develop awareness about the importance of proper waste segregation and responsible waste disposal.
- Understand the difference between biodegradable, recyclable and non-recyclable waste.
- Develop responsible waste management habits and contribute towards a cleaner environment

Institution:

- Promotes a clean, hygienic and environmentally responsible campus culture.
- Enhances the institution's commitment to sustainable waste management practices.
