

DEPARTMENT LIBRARY

- Departmental library of Electronics and Communication Engineering Department is equipped with over 900 reference books which cover complete syllabus of UG in Electronics and Communication Engineering as well as competitive examinations such as GATE, UPSC etc.
- Objective of departmental library is to promote the use of reference books among the students. Not only students, but also faculties utilize the library for their study.
- Apart from books, departmental library also helps the students by providing previous year project reports and seminar reports from previous academic years which are essential to provide guideline for the upcoming students.
- Students as well as faculty members avail the facility of library on a regular basis.
