JAI SHRIRAM
ENGINEERING COLLEGE

ABOUT US

Jai Shriram Engineering College was endowed by Shenthil Velevan Trust in the year 2009 with a motto of equipping and implanting the seed of higher education blended with communal harmony to the rural community in and around the Textile City. JSREC reinforces to impart knowledge, teamwork, innovation, entrepreneurship, courage, sacrifice and duty which are innards of a meaningful life. Here we look at education as a complete experience, not just as academics and it laid a pavement for JSREC to a world-class education environed with an eco-friendly greenery rich campus life.

JSREC is also promoted by leading industrialist having 3 major manufacturing divisions in Coimbatore with international reputation and hence we stand forth in creating great minds with optimal advantage in terms of advanced technical knowledge and skills in the distinct aspects of intellectual growth and development. JSREC is renowned for its Industry-Academic Interaction.

VISION

- To provide world class engineering and management education to promote the rural community students with research oriented global competitiveness

MISSION

» To maintain a level of excellence and standards in all programmes that leads to global significance

» To offer research oriented opportunities and promote the rural community students as an employable engineers and managers with hands on practical experience with industrial exposure

» To inculcate entrepreneurial culture in young minds and create leaders to serve the society with ethical values

JAI SHRIRAM ENGINNERING COLLEGE
(Approved by AICTE New Delhi, Affiliated to Anna University Chennai, Accredited by NAAC)
Avinashipalayam, Tirupur.

CHAIRMAN

Shri.M.Govindasamy

The Chairman of the trust and institution is a patron, principled and courteous personality who had established various businesses covering domains including textiles, dyeing, finance, real estate, etc., and he is successfully putting them in a row for the past four decades. At present he nestles as the President of Traders Association, Tirupur District. His magnificent vision, valour, dexterity and reliance in Indian values had impacted many young entrepreneurs to imbibe him as their role model and mentor. Hence this nurtures the college to initiate its path to prosperity and to drift up on par with top level institutions.

VICE CHAIRMAN

Shri.T.K.Karuppannaswamy

When we match up to a decade before,at present all our human life has more dependency on engineering requirements.Our travel frequency, communication,living style, working atmosphere,volume base production have drastically increased as our needs have commuted from Agriculture to Automative.

It is really unfortunate that our engineering education what we teach now are not even fundamentals. We are strained to promote employable engineers as we initiate most advanced engineering through new innovative techniques. Our own industry has different track records by penetrating our Indian engineering strength across the globe. With that support our JSREC has started moving audacious to create different engineering world through our academic premises.

Promoting employable engineers is not only a solution,nurturing our JSREC products with Innovative thoughts and their deliverables will have the real shore up to our nation.

Real Personality, which is based on character, is remembered by the world through eternity. Dr. Thirumalai. R, Principal, Jai Shriram Engineering College, Tiruppur, Tamilnadu, India has extensive Teaching, Research and Administrative experience for more than 23 years. He is a proud alumnus of National Institute of Technology, Trichy, India. His mission is to enhance the standards of education by providing an efficient and effective learning environment that complements the core values of Real Engineering. Jai shriram Engineering College is owned by an internationally reputed industry, Bharani Hydraulics India Private Limited, Coimbatore, India. The value added courses are integrated along with academic courses at JSREC to integrate the emerging trends and developments in the relevant sectors at national and international horizon.

DEPARTMENT OF CIVIL ENGINEERING

SEMINAR

APRIL 17, 2023

The seminar program titled "Strong, Durable and Sustainable Concrete Construction" was organized for the students to get exposure about the concrete structures. In recent years the concrete construction drastically increased but the cement used in the concrete is major environmental issue. So the recent research focus on alternate materials and those materials have the properties of durability, strength and sustainability.

Target Audience: II, III & IV Year Civil Students   *No. of Participants:* 30

RESOURCE PERSON

Mr. M. Balasubramaniyam

Seminar on Strong, Durable and Sustainable Concrete Construction

INDUSTRIAL VISIT

JULY 17, 2023

An industrial visit was organized to "Constro Mega 2023 – Building Materials Exhibition". Construction materials and recent advancement in civil engineering Exhibition was conducted by Tirupur Civil Engineering Association in Tirupur. More than 150 companies were showcased their products with the technical details, specifications, price, etc..,

Target Audience: III & IV Year Civil Students   *No. of Participants:* 24

Constro Mega 2023 Exhibition Visit

SURVEY CAMP

JULY 18 to 22, 2023

As Part of Curriculum the third year students have 2 weeks survey camp in field. For that purpose, we are choosing hilly terrain to survey. The place Vattamalai near Kangayam was selected and the survey camp was done. The students learnt advanced equipment called Total station and DGPS. Totally 10 Experiments were completed and the report of the survey camp was submitted.

Target Audience: III Year Civil Students   *No. of Participants:* 12
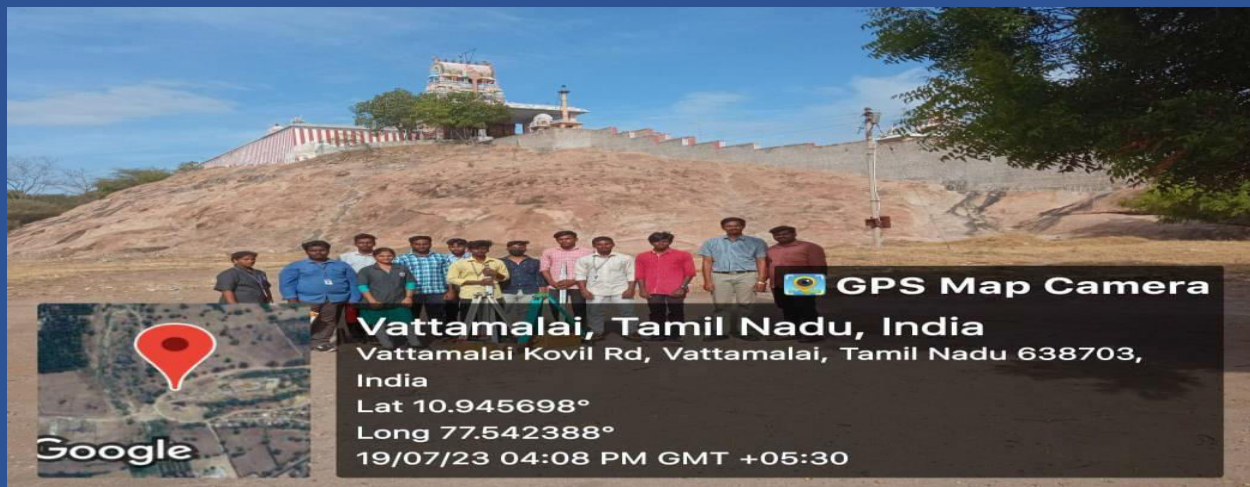

One week Survey Camp at Vattamalai

WORKSHOP

APRIL 8, 2023

Workshop titled "GUI using React JS" was organized on April 8, 2023; a popular JavaScript library is used for developing complex user interfaces for single page applications (SPAs). In this course, students learnt to construct an SPA by developing reusable and testable React Class components.

Target Audience: Students from III CSE   *No. of Participants:* 35

RESOURCE PERSON: *Mr. Navdeep, Nunnary Lab, Coimbatore.*

VALUE ADDED COURSE

APRIL 6 to 10, 2023

Add on course titled "Programming in BI Tools" was organized on April 6 to 10, 2023. The course enabled the students to understand the concepts and components of BI tools and also learn how to use BI for supporting the decision making in an organization.

Target Audience: Students from II CSE   *No. of Participants:* 62

RESOURCE PERSON: **Mr.** *Sreemathy Sampath, Corporate Trainer, LINKSKILL Academy, Salem*.
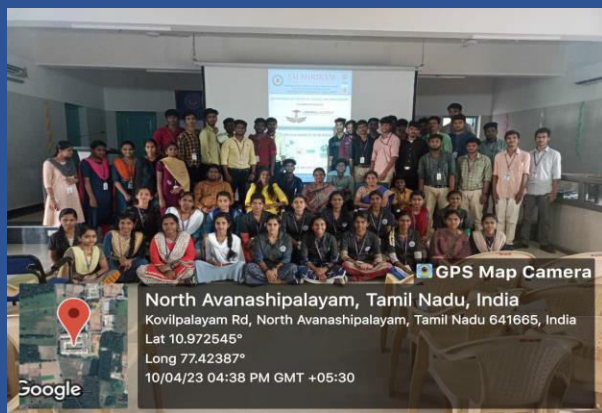

Value Added Course

Training in Lab

GUEST LECTURE

APRIL 21, 2023

Guest lecture titled "Research Perspective of Machine and Deep Learning". explained about the Research perspective of Machine learning and Deep Learning.

Target Audience: Students from various departments   *No. of Participants:* 99

RESOURCE PERSON: *Dr. D.Sathiya, HoD/IT, Vivekanandha College of Technology for Women, Thiruchengode.*

INDUSTRIAL VISIT

APRIL 5 & 6, 2023

Industrial Visit was organized to ISRO, Trivandrum. ISRO, a lead centre of the Indian Space Research Organization was responsible for design, development, assembly, and integration of communication, navigation, remote sensing and small satellites. A video clip of making and launching of Chandrayan-I was shown. Model s of all satellites launched by ISRO was displayed in space exhibition. Various images of India taken at different angles from the satellites were seen by students.

Target Audience: III CSE   *No. of Participants:* 42

APRIL 13 & 14, 2023

An industrial visit was organized to Lenovo India Private Ltd, Pondicherry which came into existence in 2005. It is known to satisfactorily cater to the demands of its customer base. This business has wide range of product offerings and product list such as Lenovo think pad mini-HDMI to VGA adapter, Lenovo Think pad 65W AC adapter. The students gained a great knowledge.

Target Audience: II CSE   *No. of Participants:* 62

APRIL 28 to 30, 2023

An industrial visit was organized to Suguna IT Solutions, Nagercoil, a Web, Mobile Application and Block Chain Development Company, established in 2020. Mrs. Mahalakshmi, HR of Suguna IT Solutions gave brief explanation about the industry and the projects currently they were working on.

*Target Audience:* IV CSE   *No. of Participants:* 35

SEMINAR

April 24, 2023

A seminar titled "The impact of Industry on Employability" was commenced by describing the industry expectations and the basic qualifications that are needed for the candidates. The main concept of the seminar is to address the participants about the impact of industries in the country. The resource person also explained the difficulties faced by an HR while interviewing the candidate and also noted the basic qualities to be developed by the candidates before attending the interview.

Target Audience: Students from II & III EEE   *No. of Participants:* 54

RESOURCE PERSON: *Mr. R. Vivekanandhan, Manager HR, DECCAN Pumps PVT LTD, Coimbatore.*

April 10 to 13, 2023

The value added course titled "Hands on Training on Embedded Systems" started with the basic information about the Embedded C is a set of language extensions for the C programming language by the C Standards Committee to address commonality issues that exist between C extensions for different embedded systems. The resource person has excellently cleared the doubts of the students and encouraged to ask more doubts. At the end of each session, the students got clear idea about PIC Microcontroller Architecture.

Target Audience: Students from II EEE   *No. of Participants:* 27

RESOURCE PERSON: *Mr. P. Gugankumar, Managing director, Manfree Technologies,*

ENERGY AWARENESS CAMP

April 14, 2023

The energy conservation information pamphlets are distributed to all publics via Kovilpalayam to Koduvai areas. Students are very interested to create awareness about how to calculate the household electricity billing methods. Energy conservation by saving of electricity under the utilization of needy electricity and replacing the conventional (incandescent lamp and fluorescent lamp) lamps into smart lamps like LED power lights were explained. Energy saving slogan banners are noticed and displayed to public through JSREC students.

Target Audience: Common Public   *No. of Participants:* 40

INDUSTRIAL VISIT

April 22 to 25, 2023

Industrial visit was organized to Radio Astronomy Centre, Ooty. In the past, Radio observatories and other passive services have had the opportunity of choosing remote, radio quiet rural locations which had a lower level of man-made interference. The proliferation of fast switching power equipment and other digital technologies is a necessary step in the direction of greater energy conservation and use of

renewable energy sources. The experience of this tour was really fantastic and unforgettable. It was reverberating experience which cherished all of us. Everyone has learnt many things through this industrial visit.

Target Audience: Students from II & III ECE   *No. of Participants:* 115

CSIR SPONSORED NATIONAL LEVEL SEMINAR

The CSIR-funded seminar titled "Effective Utilization of Renewable Energy Sources for Sustainable Development in Industries" was a significant stride towards green industrial practices. The event, graced by esteemed Chief Guest Sudhakar from CSIR-CECRI, highlighted the critical role of renewable energy in reducing carbon footprints and ensuring long-term viability. Attendees delved into innovative technologies like solar, wind, and hydroelectric power, tailored to industrial demands. Discussions encompassed funding avenues, policy support, and successful case studies, emphasizing a transition from conventional energy sources. The seminar underscored the imperative for collaboration between industries and research institutions to drive impactful renewable integration, steering industries towards an ecologically conscious future.

Target Audience: Students from various institutions   *No. of Participants:* 75

GOVERNMENT EXAM AWARENESS PROGRAMME

APRIL 25, 2023

The programme was a pivotal event, shedding light on various government exams and their significance. Attendees gained insights into exam patterns, eligibility criteria, and preparation strategies. Experts underscored the role of these exams in shaping career paths. The programme aimed to empower aspirants with knowledge, encouraging them to pursue opportunities in the public sector.

Target Audience: Final Years   *No. of Participants:* 38

DEPARTMENT OF FASHION TECHNOLOGY

SEMINAR

JULY 8, 2023

A seminar titled "High performance fibres and its application in technical textiles" was organized and the resource person started the lecture by giving introduction to the textile fibres and the difference between the conventional and high performance fibres. He interacted with the students through lots of examples by relating with the high performance fibres. He shared the images of inspiration which describes the different spinning techniques. The next content he shared was related to the percentage of usage of fibres in technical textiles with the classification of regular fibres, high tenacity fibres, high performance fibres and special performance fibres.

In continuation of the topic, he delivered lecture on introduction, typical properties, and applications of aramid fibres, Fluoro carbon fibres, polyphelene suphide, melamine fibre, PBO, PBI, Polyimide, carbon precursor fibre and glass fibre. The guest discuss with a man made fibers.

Target Audience: I Year FT   *No. of Participants:* 29

RESOURCE PERSON: *Mr.D.Gopalakrishnan, M.Tech, (Ph.D), Project Coordinator, Department of Fashion Technology, PSG College of Technology,Coimbatore*.

WORKSHOP

APRIL 3 & 4, 2023

A workshop titled "Industrial Pattern Engineering", the workshop specially focused on the pattern drafting of woven garments and knitted garments. In first day the resource person explained about pattern drafting of knitted garments such as Men's polo T-shirt, Men's vest and Men's track pant. In second day he explained about the pattern drafting of the woven garments of men's formal shirt, ladies sawlar & kameez and hooded jacket. The participants learned technically about industrial and commercial pattern drafting and grading. They had hands on experience in pattern drafting and grading on different brands and styles. The students individually worked on the drafting of patterns for the mentioned styles.

Target Audience: III Year FT   *No. of Participants:* 20

RESOURCE PERSON: *Mr.P.Manian, Sri Garments World (Exports & Surplus Stores)*
Tirupur-641 603

INDUSTRIAL VISIT

APRIL 15, 2023

The team of 16 students from Fashion Technology department along with two faculty members visited the Lulu mall, Cochin. Lulu mall is one of the biggest shopping centre and especially for textiles.

LOUIS PHILIPPE

Louis Philippe is a premium brand of men's apparel originating from India. It is a subsidiary of Madura Fashion & Lifestyle and the company also provides various quality designs under the guidance of Deepanshu Ranka and Saksham Jain.

INDIAN TERRAIN:

Indian Terrain Fashions Ltd. Is one of India's leading premium menswear label. With styles ranging across premium work wear and smart-casual clothing, Indian Terrain is known for its "Madras Checks" and "Incredible Fit

➢ Students have learned about the visual merchandising.
➢ Gained knowledge about the conceptual understanding of lighting effect displayed in the stores.

Target Audience: II Year FT   *No. of Participants:* 16
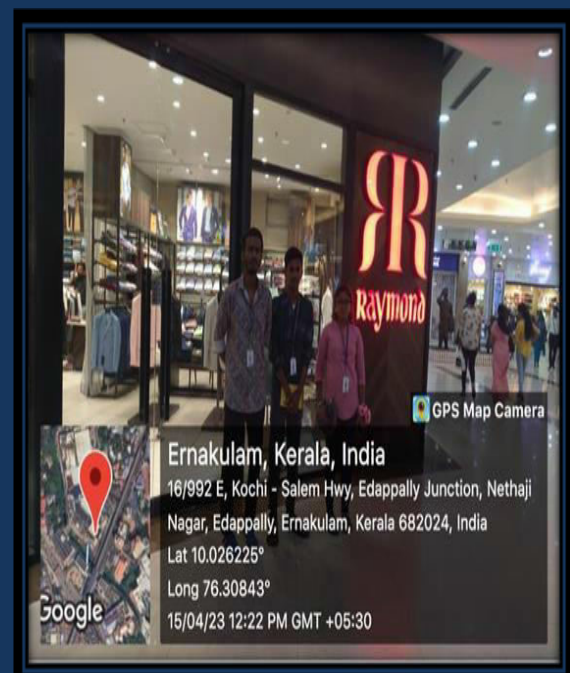

APRIL 30, 2023

The students from III year – B.Tech. Fashion Technology along with two faculty members have gone to industrial visit to Kasavu Aalayam Handlooms, it is a partnership company which is located in Punnamada, Alappuzha, Kerala. The retailer there sells a variety of garments to all categories of customers like men, women and kids. They are mostly made of fabrics like cotton and silk. In additional to weaving, value-addition was given on the surface of fabric to improve the aesthetic design such as embellishments, embroidery works and fabric painting. Some of the notable and widely seen designs are enlisted as follows,

1. Kerala Kasavu sari with Tilla embroidery

2. Cotton Kerala Kasavu with Gond art

3. Kasuti embroidery

4. Block print

5. Tilla embroidery done with golden and silver threads

Target Audience: III Year FT   *No. of Participants:* 35

JUNE 19, 2023

The team of 33 students from Fashion Technology department along with three faculty members visited the Padiyur Sarvodaya Sangh, Kangeyam , they manufacture and displays a wide variety of textiles which includes silk, cotton, handlooms and crafts. It is the dream of every woman to wear a silk saree which has a traditional value. By visiting Padiyur Sarvodaya Sangh, the students understood the how to make silk out of care and devotion, the importance of hard work refined to perfection was noted clearly. The process involved in silk manufacturing process such as sorting of cocoons, boiling of cocoons and extraction/reeling of silk are seen by the students. Every workers shows their exemplary in work and the time taken to extract the silk from the cocoons had shown their wonder of work.

➢ Acquire knowledge about complete production of silk fibre from cocoons.
➢ Gained knowledge about the conceptual understanding of manufacturing of silk.

TRAINING AND PLACEMENT CELL

PROGRAMMES ORGANIZED

MOCK INTERVIEW

A mock interview was organized to final year students of the institution. The purpose of organizing the session was to prepare the students for their placements. Mock interview provides an opportunity to student's actually practicing going through an interview, answering and asking questions, and hopefully learning about the rhythm and possible interview questions they will face in real life. The interview questions were related to their field of study and their scope of improvement in respective field. It was an interactive session and was well received by the students. The sessions will train the students professionally and make them confident to meet the corporate expectations.
